**SUBJECT: DETERMINATION OF THE CUSTOMS VALUES OF COLOUR TELEVISION
CRT & LCD UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969**

M/s New Allied Electronics Industries Karachi submitted representation dated 29-06-2009 for determination of customs value of LCD and CRT Television Sets for uniform application at all Customs Stations.

2. In order to determine the customs values of LCD and CRT television sets, meeting of representatives of local manufacturers, importers, FPCC&I and KCCI was held on 22-07-2009. Representatives of importers as well as local manufacturers, M/s Philips Pakistan, M/s Noble TV, PEMA, and FPCCI attended the meeting. The importers namely M/s Philips Pakistan stated that neither the genuine importers nor the assemblers were getting any benefit from the present assessment guidelines issued by the Model Collectorate of Customs (PACCS) vide its Circular No. Misc/250/2009, dated 19-06-2009. Representatives of the local assemblers of Noble TV supported the proposal and opined that determination of minimum assessable values will help narrow down the wide gap between under invoicing and the value assessment guideline issued by MCC, PaCCS. The proposal was also endorsed by the representative of FPCC&I.

3. It was agreed by all stakeholders that the assessable values of LCD and CRT Television Sets may be determined in items of Section 25 (9) of the Customs Act, 1969. Keeping in view the essential factors like local market prices, manufacturing cost, prevailing international market prices, variations in features of various models and quantity discounts. Accordingly, following customs values are hereby notified under Section 25-A of the Customs Act, 1969 for implementation:-
